

USB Notice

Operator compteur intégrant 2 USB

Remove the computer's superior casing from the main window, you will be sent a place, the tires will be fixed, and it will be edited. Please enter the cable provided with the façon in the same way as to rejoin the fusible bottle, at the bottom of the table sous vide.

Pour le « - » (fil Noir)

He will be able to use a suitable location to fill the fuselage with a gasket:

If it is imported into these born countries, they are interconnected, so that you can pass a metal brake coupling as well, and a WD40 coupling. When the next time the phone contacts you, it will lead to the cause of the dysfunction.

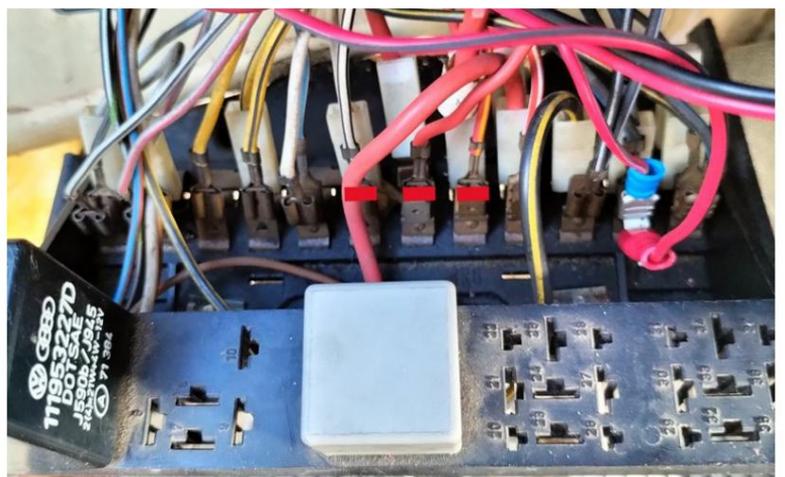

Pour le « + » (fil Rouge)

GEN1 fusible box:

Revisit the photos that appear on the back, then download them to the platinum:

Connect the cosse rouge on one borne available. 6,7 or 8 correspondant respectivement au fusible de l'autoradio, du compteur ou des clignotants.

GEN2 fusible box:

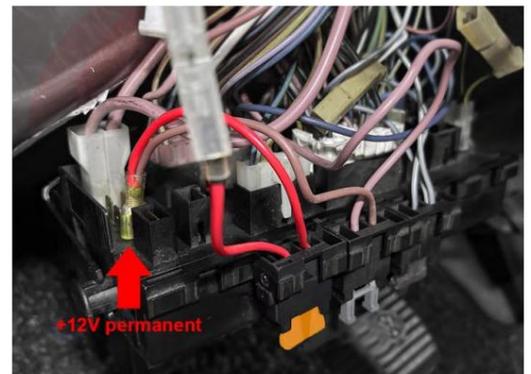

He will be able to see you around and then:

Don't put the lipstick on the orange color, but on the orange color of your servant's face.
OBLIGATOIREMENT du porte fusible vendu a part sur le site

Please don't touch the fusible port.
The photo is brighter, but it can be brighter in orange.

I am not responsible for the errors that you want to do when you do this, and when you call a qualified person.
